Active Plus

100% Actives Triple Action Cleaner, Deodoriser & Stain Remover for Porous Surfaces

+ Heavy Duty Oxygen Cleaner – Kills Odours
+ Helps Remove Oil, Food, Grease & Grime
+ Also Leaf Marks, Tannins, Coffee, Tea, Algae & Mould
+ Use as a Cleaning Solution or a Stain Removing Paste
+ Non-Acidic – Suitable for Acid-Sensitive Surfaces

Product page, SDS & more

DESCRIPTION

Active Plus is an easy to use, **Professional Grade**, 100% actives, triple action oxygen cleaner, deodoriser and stain remover powder for porous hard surfaces. Mix with warm water as a heavy duty cleaning solution, or as a paste to draw out deep stains.

WHAT DOES IT DO

Cleans dirt, oil, grease and grime and helps remove most stains e.g. algae, mould, mildew, oil, coffee, tea, leaf and tannin marks. Also kills odours. Ideal for neglected or heavy use areas.

SUITABLE FOR

Hard surfaces including porcelain, ceramic, encaustic and terrazzo tiles, grout, concrete, terracotta, Saltillo, pavers, bricks, mosaics and natural stone e.g. basalt, bluestone, granite, marble, limestone, quartz, slate and travertine.

Surfaces

+ Porcelain & Ceramic
+ Encaustic & Terrazzo
+ Grout & Concrete
+ Terracotta & Saltillo
+ Pavers & Bricks
+ Mosaics
+ Natural Stone
+ Marble, Limestone & Travertine

Where

+ Patios & Courtyards
+ Driveways & Paths
+ Pool Surrounds
+ Homes
+ Hotels & Resorts
+ Schools & Child Care
+ Aged Care
+ Restaurants & Bars

WHERE TO USE

Indoor and outdoor, domestic and commercial: homes, hotels, motels, resorts, schools, child care, aged care, holiday parks, shopping centres, retail outlets, restaurants and bars.

TEST FIRST

End user must determine the suitability of product for their use. Do a test in an inconspicuous area to determine surface colour stability and desired results.

WHAT YOU NEED BEFORE YOU START

- Protective gloves, eye, skin and foot protection;
- Plastic bucket and warm water to mix; clean water for rinsing;
- **Scrub'N'Clean Kit**, white nylon pad, broom, scrub brush or scrub machine. TIP: a wet vac;
- Stain removal: plastic wrap, residue free tape, plastic spatula and paper towels.

HOW TO USE – HEAVY DUTY CLEANING

Per 4 L of warm water in a plastic bucket:

Use	Add Active Plus	Rate
Heavy duty clean	**120 g**	30 g per L
Extreme heavy duty clean	**240 g**	60 g per L

1. Stir **Active Plus** into the warm water until dissolved (hot water gives better results – never boiling);
2. Apply the solution to the surface and allow to dwell for 5 – 10 minutes;
3. DON'T ALLOW PRODUCT TO DRY ON SURFACE – ADD MORE DILUTED PRODUCT TO KEEP WET AND ACTIVE;
4. Scrub with a white nylon pad, broom or brush. TIP: remove the dirty solution with a wet vac;
5. Rinse thoroughly with clean water. Repeat as necessary.

HOW TO USE – DEEP STAIN REMOVAL (PASTE)

1. Mix **Active Plus** with warm water to a thick toothpaste / peanut butter consistency;
2. Apply about a finger thick in a uniform coat, slightly larger than the stain;
3. Optional: cover with plastic wrap, tape down the edges with residue free tape and poke a few holes;
4. Leave until dry (24 – 48 hours) or at least 24 hours;
5. Remove with a plastic spatula, mist clean water over the residue and lightly scrub with a white nylon pad;
6. Rinse thoroughly with clean water and dry with paper towels. Repeat as necessary. Re-seal with **Aqua-Seal Gold+** once the stain is gone.

APPLICATION CONDITIONS

Use when the surface is between 4°C and 32°C.

Active Plus

100% Actives Triple Action Cleaner, Deodoriser & Stain Remover for Porous Surfaces

PRECAUTIONS & SAFETY DIRECTIONS

1. Read entire label, SDS & technical bulletin before using;
2. Take care with hot water to prevent scalding – DO NOT USE BOILING WATER;
3. Wear skin, eye and foot protection;
4. Keep away from plants, soil and metals;
5. Once mixed, do NOT cover or store the mixed solution in a sealed container;
6. Dispose of unused solution after 4 hours by flushing with plenty of clean water into a toilet or drain.

APPROXIMATE COVERAGE – CLEANING

Use	Makes (from 2 kg Tub)	m² per 4 L Diluted Product	m² per 2 kg Tub
Heavy duty clean	approx. 66 L	approx. 7	**up to 120**
Extreme heavy duty clean	approx. 33 L	approx. 7	**up to 60**

Coverage is **approximate only** (about 1.8 m² per litre of solution) and depends on the porosity and texture of the surface and the severity of the problem. Stain removal (paste) coverage varies with the size and depth of the stain.

TECHNICAL DATA

Product type	Oxygen (sodium percarbonate) cleaner & stain remover powder
Appearance	Mostly white powder, may contain coloured particles; no odour
pH	Alkaline when mixed
Mixing	30 – 60 g per L warm water; paste for stains
Dwell time	5 – 10 min (cleaning) · 24 – 48 h (paste)
Shelf life	Approx. 3 years unopened – less after opening
Pack sizes	300 g · 1 kg · 2 kg
Transport	Not a Dangerous Good
SDS	sealersplus.com.au/sds/Active-Plus-SDS.pdf

CAUTION

Not classified as hazardous according to Safe Work Australia (GHS 7). Not a Dangerous Good. Avoid contact with eyes and skin and avoid breathing dust. Wear gloves and eye protection. Keep out of reach of children.

LIMITATIONS

- Degree of success depends on the surface stained, the type of stain, how long it has been in place and whether the surface was sealed or unsealed;
- Will not remove etch marks or restore polish to damaged areas;
- For deep-set, stubborn stains see **Poultice Plus**, **Poultice Powder** or our Product Selector.
