AquaGuard

Spray Cleaner & Re-Sealer for Natural Stone & Engineered Stone

Product page, SDS & more

+ Ready to Use – Spray & Wipe
+ Cleans & Re-Seals in One Step
+ Helps Boost the Performance of Existing Sealers
+ Helps Dissolve Grease & Grime and Helps Inhibit Odours
+ Ideal for Benchtops, Vanities, Table Tops & Bars

DESCRIPTION

AquaGuard is a new generation, ready to use, one step cleaner & re-sealer for sealed natural stone, engineered stone, tile, grout and other water-safe surfaces. Ideal for domestic, commercial and industrial situations.

WHAT DOES IT DO

Helps remove surface dirt, grease and grime, helps inhibit the growth of mould, mildew and odours, and leaves a light re-sealing film that helps boost the performance and longevity of existing natural look penetrating sealers.

SUITABLE FOR

All **sealed** natural stone such as basalt, bluestone, granite, limestone, marble, quartzite, sandstone, slate and travertine, plus engineered stone, porcelain and encaustic tiles, terrazzo, concrete and grout.

Surfaces
+ Granite & Marble
+ Limestone & Travertine
+ Quartzite & Slate
+ Engineered Stone
+ Terrazzo
+ Porcelain & Ceramic
+ Sealed Grout

Where
+ Kitchen Benchtops
+ Vanities
+ Table Tops
+ Bars & Counters
+ Splashbacks
+ Hotels & Restaurants
+ Offices & Retail

WHERE TO USE

Interior benchtops, vanities, table tops, bars, splashbacks and other sealed hard surfaces in homes, hotels, restaurants, cafes, offices and retail.

TEST FIRST

Due to the nature of different surfaces, always test first in an inconspicuous area to check colour stability and the desired result. The end user must determine the suitability of the product for their intended use.

WHAT YOU NEED BEFORE YOU START

- Gloves and eye protection;
- **AquaGuard** 500 mL spray (refill from the 4 L);
- Absorbent paper towels or a clean, dry microfibre cloth;
- White nylon pad for heavily soiled areas.

HOW TO USE

AquaGuard is **ready to use – do not dilute**.

1. Spray **AquaGuard** directly onto the surface;
2. Allow to dwell for a few minutes. DON'T ALLOW PRODUCT TO DRY ON SURFACE – ADD MORE PRODUCT TO KEEP WET AND ACTIVE;
3. Wipe completely dry with absorbent paper towels or a clean, dry cloth;
4. Heavily soiled areas may need scrubbing with a white nylon pad plus a longer dwell time;
5. Repeat the process as necessary.

TIP

Regular use helps prolong the performance of the existing sealer. When water no longer beads on the surface, clean and re-seal with **Aqua-Seal Gold+**.

CONDITIONS

Use when the surface temperature is between 4°C and 32°C. Avoid use on hot surfaces or in direct sun where the product dries too fast.

AquaGuard

Spray Cleaner & Re-Sealer for Natural Stone & Engineered Stone

PRECAUTIONS & SAFETY DIRECTIONS

1. Always test first;
2. Read entire label, SDS & technical bulletin before using;
3. Wear appropriate skin & eye protection;
4. Use when surface temperature is between 4°C & 32°C;
5. Do NOT mix with other chemicals;
6. Do NOT allow contact with non-recommended surfaces.

TECHNICAL DATA

Appearance	Clear to amber liquid, mild fragrance
pH	Approx. 10 (as supplied)
Dilution	None – ready to use
Pack sizes	500 mL spray · 4 Litre refill
Transport	Not a Dangerous Good
SDS	sealersplus.com.au/sds/AquaGuard-SDS.pdf

MORE HELP

+ Trouble Shooting Guide: AquaGuard-TS.pdf;
+ Which cleaner? Product Selector;

CAUTION

Not classified as hazardous (Safe Work Australia GHS 7). Not a Dangerous Good. Keep out of reach of children. Avoid contact with eyes. If eye irritation occurs, flush with water; if it persists, seek medical attention.

LIMITATIONS

- **AquaGuard** is not an initial sealer. Seal first with the right Sealers Plus sealer, e.g. **Aqua-Seal Gold+**;
- Will not restore a polished finish to dull, etched, worn, scratched or honed surfaces – contact Technical Support for re-polishing advice;
- Does not remove deep stains. See our problem solvers.

ONGOING MAINTENANCE OF HARD SURFACES

+ **AquaGuard** – everyday benchtop clean that helps boost the sealer;
+ **ReFresh+** – daily food-prep surface cleaning;
+ **EzyClean+** – everyday floor & wall cleaning;
+ **XtremeClean+** – heavy duty cleaning & degreasing;
+ **Aqua-Seal Gold+** – re-seal when water no longer beads;

HANDLING, STORAGE & CLEAN UP

- Close container tightly after each use. Store between 4°C and 32°C, out of direct sunlight;
- Do not re-use container. Rinse and discard in rubbish or recycle;
- Clean tools and hands with clean water.

FIRST AID

Contact a doctor or Poisons Information Centre (Australia Ph: 131 126, NZ Ph: 0800 764 766). **Ingestion:** First aid is not generally required. If in doubt, contact a Poisons Information Centre or a doctor. **Eyes:** No effects expected. If irritation occurs, flush with lukewarm, gently flowing water for 5 minutes or until the product is removed. **Skin & hair:** Wash with water. **Inhalation:** First aid is not generally required. **General:** If irritation persists or you feel unwell, seek medical attention.
