Product page, SDS & more

DESCRIPTION

Grout Clean+ is a ready to use, heavy duty, no acid stone, tile & grout cleaner that helps clean and revive dirty tiles and grout. Ideal for kitchens, bathrooms and laundries.

WHAT DOES IT DO

Helps remove surface dirt, grease, grime and soap scum from grout lines and tiles, and helps inhibit the growth of mould, mildew and odours. The no acid formula is suitable for acid-sensitive stone such as marble, limestone and travertine.

SUITABLE FOR

All stone, tile & grout surfaces: natural stone such as basalt, bluestone, granite, limestone, marble, quartzite, sandstone, slate and travertine, plus porcelain, ceramic and encaustic tiles, terrazzo, concrete, pavers, Saltillo and grout.

Surfaces
+ Cement Grout
+ Porcelain & Ceramic
+ All Natural Stone
+ Terrazzo & Encaustic
+ Terracotta & Saltillo
+ Concrete & Pavers
+ Engineered Stone

Where
+ Bathrooms & Showers
+ Kitchens & Splashbacks
+ Laundries
+ Toilets & Vanities
+ Floors & Walls
+ Hotels & Restaurants
+ Gyms & Change Rooms

WHERE TO USE

Interior and exterior floors and walls in homes, hotels, restaurants, gyms, change rooms and other household and commercial areas.

TEST FIRST

Due to the nature of different surfaces, always test first in an inconspicuous area to check colour stability and the desired result. The end user must determine the suitability of the product for their intended use.

WHAT YOU NEED BEFORE YOU START

- Gloves and eye protection;
- **Grout Clean+** 500 mL spray (refill from the 4 L);
- White nylon pad or grout brush;
- Bucket of clean water, sponge or mop for rinsing;
- Absorbent paper towels or a clean, dry cloth.

HOW TO USE

Grout Clean+ is **ready to use – do not dilute**.

1. Spray **Grout Clean+** directly onto the grout and tile surface;
2. Allow to dwell for 5 – 10 minutes. DON'T ALLOW PRODUCT TO DRY ON SURFACE – ADD MORE DILUTED PRODUCT TO KEEP WET AND ACTIVE;
3. Scrub with a white nylon pad or grout brush;
4. Rinse thoroughly with clean water;
5. Wipe completely dry with absorbent paper towels or a clean, dry cloth;
6. Repeat the process as necessary.

TIP

Heavily soiled areas may need further scrubbing and/or a longer dwell time, or a heavy duty cleaner like **XtremeClean+**. Once clean and dry, seal grout with **Aqua-Seal Gold+** or re-colour and seal stained grout with **Colour'N'Seal**.

CONDITIONS

Use when the surface temperature is between 4°C and 32°C. Avoid use on hot surfaces or in direct sun where the product dries too fast.

CAUTION

Not classified as hazardous (Safe Work Australia GHS 7). Not a Dangerous Good. Keep out of reach of children. Avoid contact with eyes. IF SWALLOWED: rinse mouth, do NOT induce vomiting. If eye irritation persists, seek medical attention.

LIMITATIONS

- Does not remove deep stains from stone, tile or grout;
- Stained grout may need re-colouring with **Colour'N'Seal** or re-grouting;
- Will not restore a polished finish to dull, etched, worn, scratched or honed surfaces;
- For stain removal and problem solving see our problem solvers.

ONGOING MAINTENANCE OF HARD SURFACES

+ **Grout Clean+** – periodic deep clean of grout lines & tiles;
+ **EzyClean+** – everyday cleaning & disinfecting;
+ **XtremeClean+** – heavy duty cleaning & degreasing;
+ **Colour'N'Seal** – re-colour & seal stained grout;
+ **Aqua-Seal Gold+** – seal grout & re-seal when water no longer beads;

HANDLING, STORAGE & CLEAN UP

- Close container tightly after each use. Store between 4°C and 32°C, out of direct sunlight;
- Do not re-use container. Rinse and discard in rubbish or recycle;
- Clean tools and hands with clean water.

FIRST AID

Contact a doctor or Poisons Information Centre (Australia Ph: 131 126, NZ Ph: 0800 764 766). **Ingestion:** Do NOT induce vomiting. Rinse mouth with water. If in doubt, contact a Poisons Information Centre or a doctor. **Eyes:** No effects expected. If irritation occurs, flush with lukewarm, gently flowing water for 5 minutes or until the product is removed. **Skin & hair:** Wash gently and thoroughly with water for 5 minutes or until the product is removed. **Inhalation:** First aid is not generally required. **General:** If irritation persists or you feel unwell, seek medical attention.
