Rust Away

Rust, Iron, Bore & Metal Oxide Remover – pH Neutral, Non-Acidic Formula

+ Removes Stubborn Rust, Iron, Bore & Metal Oxide Stains
+ pH Neutral, Non-Acidic Formula – Does Not Etch the Surface
+ Formulated for Acid-Sensitive Stone, Terrazzo, Encaustics & Concrete
+ Fast Acting – Stain Turns Purple as It Works
+ Ready to Use – Spray or Pour

Product page, SDS & more

DESCRIPTION

Rust Away is a **Professional Grade**, pH neutral, non-acidic rust, iron, bore and metal oxide cleaner and remover. Fast acting, non-etch formula for indoor, outdoor, domestic and commercial areas.

WHAT DOES IT DO

Helps remove rust, iron, bore water and metal oxide stains, plus stains from rust water, iron fertilisers, metal marks, metal shavings and metal scrapes from metal furniture. The stain turns purple as **Rust Away** reacts with it.

SUITABLE FOR

Porcelain, ceramic, encaustic and tessellated tiles, terrazzo, bricks, pavers, concrete, mosaics, terracotta, Saltillo, quarry tiles, engineered stone and all natural stone e.g. basalt, bluestone, granite, marble, limestone, quartz, sandstone, slate and travertine. Ideal for acid-sensitive surfaces.

Surfaces

+ Porcelain & Ceramic
+ Encaustic & Tessellated
+ Terrazzo
+ Bricks & Pavers
+ Concrete
+ Terracotta & Saltillo
+ Engineered Stone
+ All Natural Stone

Stains

+ Rust & Rust Water
+ Bore Water Stains
+ Iron Fertiliser
+ Metal Marks & Scrapes
+ Metal Shavings
+ Metal Furniture Marks
+ Iron Oxide in Stone
+ Indoor & Outdoor

WHERE TO USE

Indoor and outdoor, domestic and commercial: patios, pool surrounds, driveways, paths, bathrooms, under pot plants and outdoor furniture, and areas watered with bore water.

TEST FIRST

Always test first in an inconspicuous area to determine ease of application, dwell time, colour stability and desired results. User must determine suitability for their use.

WHAT YOU NEED BEFORE YOU START

- Mask, protective gloves, eye, skin and foot protection, and a watch for timing;
- Spray bottle, or plastic bucket plus clean sponge, roller or mop to apply;
- **Scrub'N'Clean Kit**, white nylon pads or scrub brush; paper towels or absorbent cloths;
- Hose, or bucket and mop, plus plenty of clean water. TIP: for large areas use a wet vac.

HOW TO USE

Ready to use formula. Do NOT dilute.

1. Sweep, vacuum or wipe the surface;
2. Pour or spray **Rust Away** directly onto the stain. The stain will start to turn purple;
3. Allow to dwell for 5 – 10 minutes depending on the severity or type of problem. Do NOT allow to dwell longer than 10 minutes;
4. DON'T ALLOW PRODUCT TO DRY ON SURFACE – ADD MORE PRODUCT TO KEEP WET AND ACTIVE;
5. After the dwell time, scrub with a white pad or scrub brush;
6. Remove the dirty solution with paper towels or absorbent cloths (or a wet vac on large areas);
7. Rinse thoroughly with clean water and dry the surface;
8. Repeat the process as necessary.

Important: long dwell times may cause slight dullness or colour change on some sensitive surfaces – always do a test area first.

APPLICATION CONDITIONS

Use when the surface temperature is between 4°C and 28°C. Use in a well ventilated area.

Rust Away

Rust, Iron, Bore & Metal Oxide Remover – pH Neutral, Non-Acidic Formula

PRECAUTIONS & SAFETY DIRECTIONS

1. Read entire label, SDS & technical bulletin before using;
2. Wear appropriate gloves, skin and eye protection – may cause an allergic skin reaction;
3. Do NOT breathe fumes or vapours – wear an appropriate mask. Use in a well ventilated area;
4. Do NOT eat, drink or smoke when using this product;
5. Do NOT allow contact with non-recommended surfaces;
6. Do NOT mix with other chemicals;
7. **WASH UNDERSIDE OF SHOES BEFORE STEPPING ONTO OTHER AREAS.**

APPROXIMATE COVERAGE

Application	m² per Litre	m² per 4 L Bottle
Light rust, metal & bore water marks	8 – 10	**32 – 40**
Heavy or old rust stains	5 – 8	**20 – 32**

Coverage is **approximate only** (about 5 – 10 m² per litre) and depends on the porosity of the surface, the dwell time and the type and severity of the problem.

TECHNICAL DATA

Product type	Ready to use, non-acidic rust & metal oxide remover
Appearance	Clear, colourless to purple liquid; strong sulphur odour
pH	Approx. 7
Dilution	None – use neat
Dwell time	5 – 10 minutes (max. 10)
Application temp.	4°C – 28°C surface
Shelf life	Approx. 3 years unopened – less after opening
Pack sizes	250 mL · 1 Litre · 4 Litre
Transport	Not a Dangerous Good
SDS	sealersplus.com.au/sds/Rust-Away-SDS.pdf

WARNING

Hazardous according to Safe Work Australia (GHS 7). Not a Dangerous Good. **H302** Harmful if swallowed. **H317** May cause an allergic skin reaction. **H319** Causes serious eye irritation. Avoid breathing mist or vapours. Wear protective gloves, clothing and eye protection. Keep out of reach of children.

LIMITATIONS

- Only works on iron-based stains and marks;
- Will not work if the stain is covered by a sealer or coating: remove it with **Strip-It** first, then use **Rust Away**;
- If the stain is not metal based, see our Product Selector for the right product.

HANDLING, STORAGE & CLEAN UP

- Close container tightly after each use and keep upright. Store locked up in the original container in a cool, well ventilated area, protected from sunlight and away from combustible materials;
- Do not re-use container. Rinse and discard in rubbish. Wash tools, gloves and shoes with water before they dry;
- Storage beyond the shelf life does not mean the product is not usable: test first.

FIRST AID

Immediately contact Poisons Centre (Australia Ph: 131 126, NZ Ph: 0800 764 766) or a doctor. **Ingestion:** Rinse mouth. Do NOT induce vomiting. **Eyes:** Rinse cautiously with water for several minutes. Remove contact lenses if present and easy to do. Continue rinsing. **Skin & hair:** Remove contaminated clothing and wash skin with plenty of soap and water. **Inhalation:** Move to fresh air and keep at rest in a comfortable position for breathing. **General:** If any irritation persists or you feel unwell, get medical advice.
